A Note About ETSY

When shopping, an item will go into your cart if it is available. However, until a piece is paid for it remains "available." This means that occasionally two people may select a piece at the same time, but whoever checks out first will be the one to purchase it. This can be frustrating when you have your heart set on a particular piece. I mention this retail quirk in the spirit of "forewarned is forearmed." Thanks for your patience.
